Certification of CPNI filing (February 6, 2006)
EB-06-TC-060 WC Docket No. 05-196

Dear Secretary Dortch:

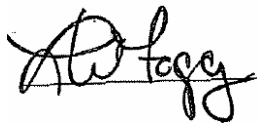

Pursuant to section 64.2009(e) of the Commission's rules and the commission's Public Notice, DA 06-223, dated January 30, 2006, United Systems Access Telecom Inc. (D/B/A USA Telephone) hereby submits its compliance certificate and a statement explaining how the company's operating procedures ensure compliance with these regulations.

United Systems Access Telecom (USAT) has established, and strictly follows, policies and operating procedures to fully comply with section 64.2009 of the Commission's rules governing Customer Proprietary Network Information ("CPNI"). USAT expressly prohibits release of CPNI to any employee not directly involved in the provision of service to the customer. CPNI data is accessible only to those employees with a "need to know" for purposes of serving current subscribers. Each employee is trained upon beginning his or her employment with USAT on the proper treatment of CPNI. Any violation of these policies will cause the employee to be subject to disciplinary action and termination of employment.

Any CPNI is saved in electronic form to the network drive of the company's internal computer network. This network information sits behind a secure firewall prevent anyone from outside the company from obtaining access to the data. The company maintains records of our compliance with the rules for one year at a minimum. The company does not sell, or otherwise release, CPNI to other entities. Any request to obtain access to CPNI must be submitted in writing to the Review Board in the company, which currently consists of myself and the Director of Operations. To date, the company has not approved any release of CPNI to any third party.

For further information about this process, feel free to contact me directly or our outside counsel, John Windhausen, Jr. at (202) 558-6164.

Sincerely,

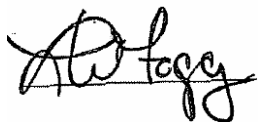

L.W. Fogg
CEO

2006 Annual Certification – Customer Proprietary Network Information

I, Bill Fogg, hereby certify that I have personal knowledge that United Systems Access Telecom, Inc. (USAT) has established operating procedures regarding the use of Customer Proprietary Network Information (CPNI) generated by the customers of USAT. These procedures, described on the attached page, are in compliance with Section 222 of the Communications Act of 1934, as amended (47 U.S.C. 222) and 47 CFR 64.2001-64.2009.

Signed:

By L.W. Fogg
